Our Pilgrim Fathers entered into their Thanksgiving Festivities with a devout spirit and a deep appreciation of their material blessings.

A few Wild Turkeys and a scant supply of maize was a Feast to them. One must have something more elaborate now-a-days.

But even the most fastidious will be delighted with what we have to offer in the way of Good Things. We have just received by the Texan a big, fresh shipment of

Citron, Mince Meat, Pickles, Sweet Cider, Fruit Cakes, Plum Pudding, Brandied Fruits, Boiled Cider, Cranberry Sauce, Assorted Nuts, Lehnhardt's Candies, Fancy Table Raisins, Sweet Pickled Fruits, Maraschino Cherries, Lemon and Orange Peel, Cheese (in all varieties), Marrons in Brandy and Vanilla Syrup, Fancy Preserves and Jellies, Bon Bon Crackers (Table Decoration), Olives (All Varieties, (Plain and Stuffed), Frozen Eastern and California Oysters, Fresh Fruits and Vegetables in Season.

MOTT-SMITH OFF TO KAUAI

SECRETARY OF TERRITORY GOES TO GARDEN ISLAND BY STEAMER ON THURSDAY.

Secretary Mott-Smith, who will then be Acting Governor, will leave for the island of Kauai by the Kinau on Thursday. He has some twenty-five registrations of Japanese births to look into and states that he understands that there are several hundred more who desire certificates which will show that they were born in Hawaii. Miss Helen Gravin will accompany the Secretary on the trip, to act as stenographer, and will visit with her brother-in-law Sheriff Rice while on the Garden Island.

JUDGE'S POWER

SITTING IN PROBATE HE CAN COMPEL AN ADMINISTRATOR TO PAY DIVIDEND.

In the matter of the estate of C. Ahl, argued last week before the Supreme Court, a decision was handed down this morning in which the syllabus holds as follows:

A judge in probate has statutory authority (Sec. 1648 R. L.) to compel an administrator to obey an order to pay a creditor a dividend of forty per cent as paid other creditors, although the administrator has been discharged on a hearing of his petition for allowance of final accounts and discharge at which hearing the creditor was not present not having received notice of it and his claim not having been considered.

Enforcement by contempt proceedings of the administrator's official duty to make such payment is not within the prohibition in the Organic Act (Sec. 10) against imprisonment for debt.

OBJECTIONS OF JURORS

WHY JUDGE DOLE LET THREE MEN OFF ON EDMUNDS ACT CASE.

The trial of a Japanese plantation laborer in the Federal Court under the Edmunds Act this morning caused rather unique reasons to be given by several of the jurors as disqualifying them from sitting on the jury. There were three instances of the kind, all agreeing practically on the same excuses. The jurymen did not think that the cases should appear in the Federal court, but were more of the police court class, and also stated that they did not believe that the standard of morality among the Japanese of the plantation class was anywhere near the same as that of a white man.

Judge Dole listened to the reasons which were given and, as the result,

BALANCED EVIDENCE

TWO CORPORATIONS DEFENDING AGAINST L. L. McCANDLESS LOSE THEIR APPEAL CASES.

A decision in the case of L. L. McCandless vs the Honolulu Plantation Company and the Woodland Fruit Company was handed down by the Supreme Court this morning in which the exceptions of the defendants are overruled. The syllabus holds as follows:

The findings of fact of a circuit court in a jury waived case cannot be reversed on exceptions where there is evidence on both sides and the issue turns upon the credibility of the witnesses.

When it appears in an action of ejectment that both parties claim title from the same grantor neither can take advantage of alleged defects in the chain of title prior to the common source.

A general exception to the decision of a court, jury waived, finding for the plaintiff, does not bring to the consideration of this court a possible defense disclosed by the evidence but not caused to the attention of the trial court.

TODAY'S DIVIDENDS

Three fat dividends are declared today on the stock list. Oahu pays two per cent, Pepeekeo two and Hawaiian Sugar one and one-half. Waiaina announces a one per cent, and Oahu Railway a three-fourths per cent dividend. Nevertheless the stock market opens for the week at a slow gait in keeping with last week's dullness.

Japanese Barber Suzuki who worked in a shop in the K. of P. building, was yesterday afternoon drowned in the Alakea slip. He had ridden to the wharf on a bicycle, put on swimming trunks and taken to the water. M. J. Kennedy went to the screaming man's assistance in a small boat and pulled him into the boat, but he was then apparently dead. Inquest at 7:30 this evening.

Joseph W. Podmore, John Lucas and J. W. Smithes were excused from serving on the jury in the case.

THE SHINPO ROASTS REV. THWING

(From the Sunday Hawaii Shinpo.)

After the social evil centered in the Iwilei district has been scattered broadcast throughout the city, principally through the efforts of the Rev. E. W. Thwing, that gentleman now announces his intention of leaving the country for fields of further activity in China. If the results of Mr. Thwing's work among the opium smokers of the Flower Kingdom are not better than the results of his purely campaign in Honolulu, the money spent on sending him there will be worse than wasted.

The Japanese of Honolulu are entitled to speak plainly on the subject of Mr. Thwing's Iwilei campaign, because they are the principal sufferers through his misguided efforts. Conditions now in this city are worse, vastly so, than they were a year ago. The inmates of the city brothels have been driven out of a district where they came less in contact with those not seeking them than they would if located any other place in the city. They have been driven out only to locate themselves in other places. Throughout the Palama district they have established many centers of vice; in Nuuanu, Makiki, Punahou and Kalia they have established themselves. Japanese camps formerly free from now have prostitutes plying their trade in the midst of fam-

lies, where their influence for evil on the young boys and girls is multiplied.

We speak only for the Japanese, although we believe the same conditions exist among other nationalities. This is the condition Mr. Thwing has created and the condition he leaves behind him as the result of months of silly agitation and senseless stirring up of an unsavory question. It brought notoriety to him, his principal stock in trade and something in which he delights, but it has also brought about a condition in Honolulu which it will take years of hard work and wise effort to overcome. Having nothing at stake, Mr. Thwing could well afford to agitate, and having raised the dust he can now afford to slip away and let others swallow it.

In our opinion it is just such fanatical, peripatetic and narrow-minded preachers as the Reverend Mr. Thwing who make trouble for their governments in the Orient and do the cause they serve incalculable harm.

In Honolulu he has certainly, in the opinion of those who know conditions, done much more harm than good. He may flatter himself that he has earned the martyr's crown; in our opinion he has earned the cap and bells.

HAPAI IS BENEDICT

Henry Hapai, the chief deputy in the office of Territorial Treasurer Campbell, sprang a surprise on a good many of his friends on Saturday by his quiet wedding to Miss Alice K. Wilson which took place at 1 o'clock in the afternoon in the Kawalahao church. But a few of the closest friends of the bride and groom were present and after the ceremony the young couple took the afternoon train for Haleiwa, on a short honeymoon trip. Hapai is very well and very favorably known in this city and has been here for many years. He was born in Hilo and is a son of the late Judge Hapai of that city. His bride is a most charming young lady, whose friends here and on Hawaii are very many.

PARADISE FOR NOVEMBER.

Today is brightened by the issue of the November Paradise of the Pacific, of which the feature is a number of very excellent pictures of the volcano. The fiery pit of Halemauau is finely shown. Coffee, warships, honey, the planters' meeting, necrology, historic lava flows, Laysan Island birds, rubber, baseball in the Orient and other things of interest are handled and illustrated. A splendid Christmas edition is announced for early next month.

COAST ARTILLERY POST AT WAIKIKI

(Continued from Page One.)

will also be, while smaller barracks will be erected at the batteries at other points on the island.

For the present at least the War Department has taken the position that Oahu is the only island in the Hawaiian group of military importance, and the work done in this Territory will not be extended to Hawaii or Maui. When the Hilo breakwater has been completed, some change may be made but not till that time. The company of engineers which arrived here by the Sheridan is now quartered in the house on property owned by the Federal Government at Waikiki and will remain there, sending out detachments for work at such points as may be designated by the officer in command, Major Winslow.

The stationing of Major Winslow at this point means that the fortification work will be rushed along. For many years past this particular work has been his specialty, among the batteries laid out and built under his supervision being the so-called "Show Battery" at Fortress Monroe! This was opened at the time of the Johnston exposition and is open to inspection by the general public. Artillerymen are kept on hand that visitors may be shown the working of the great guns when they are in action. Major Winslow has also been attached to the office of the Chief of Engineers for some time.

The creating of an artillery headquarters at Waikiki will mean many changes in that vicinity. It is probable that the Kalia, or Old Beach, road will be closed to the general public and no passing along the beach will be allowed after the mounting of the big guns. From the Kentwell property through to the residence of J. A. McCandless, the land is now owned by the United States and with the acquisition of the land between Kalia road and Kalakana avenue a large tract will be added.

There will be a great deal of work to be done before the land will be

in proper shape for a reservation. There are many duck ponds to be filled in and a complete system of drainage will have to be decided on as one of the most important features of the reservation. As a matter of fact the actual construction of the buildings will really be one of the minor details.

W. GARLAND FAY IS NOW CAPTAIN

Captain W. Garland Fay, commanding the United States Marine barracks here, returned from the mainland in the Manchuria this morning. He went up as First Lieutenant, took his examination, passed, and returns as captain.

THE IGNORANT DINER-OUT.

A. J. Drexel Biddle, whose original and brilliant mind, coupled with his wealth, youth and high social position, has made him for some years one of Philadelphia's most prominent figures, was talking at New York about boxing.

"Every man should know how to box," said Mr. Drexel Biddle, who is one of the best amateur boxers in America. "In the case of attack by pickpockets, or in defense of a lady, indeed, in a hundred crises, how deplorably awkward it is to be unable to box."

"The man ignorant of boxing is apt to make a great fool of himself. Ignorance nearly always makes fools of us. I remember a man, ignorant of etiquette, who once sat beside me at a public dinner."

"I noticed that this man, as soon as he was seated, took up one by one the knives at the right of his plate, and began to try their edges on his thumb. 'A waiter behind him leaned forward and said in a hurt tone: 'The knives are all sharp, sir.' 'The point is,' said my neighbor, 'I'm looking for a blunt one. Last time I attended a banquet here I cut my mouth.'"

THANKSGIVING DAY.

THANKSGIVING PROCLAMATION

The President of the United States having designated Thursday, the 26th day of November, 1908, as a day of general thanksgiving and prayer, I recommend that all the people of this Territory observe that day appropriately. During the past year all things have worked together in an unusual degree for the welfare of Hawaii; the prosperity and progress have been made as to call for a special sense and manifestation of gratitude. Therefore let the people assemble at their places of worship or in their homes for praise and thanksgiving to the Almighty for blessings received and prayer for future guidance; let there be family reunions, entertainment of strangers, cessation from labor as far as practicable and abundance of charity.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the Territory to be affixed.

Done at the Capitol in Honolulu this 14th day of November, A. D. 1908.

W. F. PREAR.
By the Governor:
E. A. MOTT-SMITH,
Secretary of Hawaii.
